Before taking up the above-identified application for examination, please enter the following amendments.

IN THE CLAIMS

Please cancel claims 1-17 and add the following new claims 18-69.

18. (New) A method for generating and distributing personalized natural-phenomenological information comprising:
receiving natural-phenomenological data from a source;
receiving predetermined criteria for selecting natural-phenomenological data, wherein the predetermined criteria comprises information that describes personal preference data of a subscriber;
selecting a portion of the natural-phenomenological data based on the predetermined criteria; and
transmitting the portion to at least one destination device.

19. (New) The method of claim 18, wherein receiving natural-phenomenological data occurs before receiving predetermined criteria for selecting natural-phenomenological data.

20. (New) The method of claim 18, further comprising before transmitting, receiving predetermined criteria identifying at least one destination device; and wherein transmitting
